

Five Days Training (Virtual Mode) on "Harvesting Wisdom: Online Knowledge Management in Agriculture"

Organized by:

Bihar Agricultural University Sabour Bihar in collaboration with National Institute of Agricultural Extension Management (MANAGE), Hyderabad

Background: In the rapidly evolving agricultural landscape, managing knowledge effectively is crucial for sustainability and growth. Bihar Agricultural University Sabour Bihar, in collaboration with the National Institute of Agricultural Extension Management (MANAGE) Hyderabad, is organizing a five-day virtual training program titled "Harvesting Wisdom: Online Knowledge Management in Agriculture." This training aims to empower agricultural professionals with the skills and tools necessary to manage and share knowledge efficiently in the digital age, ensuring that valuable agricultural insights and innovations reach the right people at the right time.

You Will:

- Gain a comprehensive understanding of knowledge management in agriculture
- Explore effective strategies for capturing and disseminating agricultural knowledge
- Understand the role of social media and online communities in knowledge management
- Examine gender perspectives and intellectual property rights in agricultural knowledge sharing

Through:

- Engaging technical sessions led by experts in the field
- Interactive discussions and personal reflections
- Networking opportunities with fellow participants and industry leaders
- Access to valuable resources and tools for knowledge management

Who: Any participant interested in Agriculture, UG/PG/ PhD scholars/ faculty members

When: August 19-23, 2024

Where: Virtual mode on WebEx platform

Cost: Free of cost. Attendance over 80%, passing grades in examination and prior registration is necessary for certification
