Dear Placement coordinator,

Bhoomi AI, a leading innovator in agricultural technology, is seeking a passionate and driven agri-management intern to join our team in conducting impactful market research among the farmers of Bihar. We have more than 20 positions available.

This is a unique chance to gain valuable experience in the agricultural sector, contribute to meaningful research, and shape the future of farming in India.

Please share this exciting opportunity with your students through emails, websites, or notice boards. Please help us find the perfect candidate to join our mission!

For more information, please contact our Chief Marketing Officer, Shree Amit Kumar Singh, at 94710043499.

A detailed job description is attached.

With best regards

Anant Kumar

## Agri-Management Intern Position Bhoomi AI

### About our organization

At Bhoomi AI, we're passionate about revolutionizing farming in Bihar. We've built a unique platform that harnesses the power of free image analytics to give farmers on-the-go advice for sustainable practices. Developed by an international team of researchers, data scientists, and developers, our machine learning solution helps farmers accurately identify pests and crop diseases, leading to better yields and healthier crops. Join us to make a difference!

### Positions Available

We're offering up to 20 internships to motivated students across Bihar. As a Bhoomi AI intern, you'll play a crucial role in making our technology accessible to every farmer.

### Calling all curious minds and passionate changemakers!

At Bhoomi AI, we're not just looking for bookworms. We're searching for agility, curiosity, and a spark of innovation. If you're eager to cut your teeth on real-world challenges and explore the hidden depths of your potential, then this internship is for you.

### Dive into live projects, make a real impact:

Get ready to roll up your sleeves and tackle meaningful projects designed to directly improve the lives of Bihar's farmers. You'll work both independently and collaboratively, gaining invaluable experience in project management, teamwork, and problem-solving.

### Here's your chance to:

- Consolidate farmer data across Bihar: This isn't just data entry; it's about understanding their needs and crafting solutions that empower them.
- Launch pilot projects in your own village: Be the change you want to see! Implement solutions directly with your community, witnessing the impact firsthand.
- Equip farmers for sustainable success: Help them minimize crop loss, maximize profits, and embrace AI/ML in their fields.

## Bhoomi AI Solutions Private Limited

Office: C/O: Neelam Kumari Sinha,

- Bridge the gap with the developed world: Connect farmers to carbon credit programs, opening doors to new opportunities.

This 3-month journey (Feb 1st - Apr 30th) will be:

- Immersive and practical: Learn by doing on real-world projects that make a difference.
- Officially recognized: Earn a certificate of excellence to commemorate your achievements.
- Competitive stipend: Earn Rs. 2000 per month, with additional field performance incentives.
- Growth opportunities: Impress us with your work and secure potential full-time employment at Bhoomi AI!

Join us, not just for an internship, but for a chance to be a part of something bigger. Apply today and unleash your potential with Bhoomi AI!

### **How to Apply:**

- To apply, please send in your CV along with a short brief about your field experience (if you have any) to [team@bhoomiai.com](mailto:team@bhoomiai.com).
- Please contact our Chief Marketing officer Shree Amit Kumar Singh on WhatsApp (+91-9473011919) for further details.
