Dear Placement Cell,

I hope this email finds you well. I am writing on behalf of **YARA Fertilizers India Pvt. Ltd.**, a renowned organization in the Fertilisers sector, to introduce ourselves and explore the possibility of collaboration in recruiting talented female individuals from your esteemed college.

At **Bihar Agriculture University**, we pride ourselves on our commitment to excellence and innovation in the fertilizers industry. We have a strong track record of providing exceptional career opportunities and fostering a supportive and inclusive work environment.

I would like to provide you with some key information about our company and our recruitment process:

Company Overview:-

For over a century, Yara has worked to feed the world and protect the planet, and our mission is to do this in a responsible and sustainable way. Yara delivers solutions for sustainable agriculture and the environment. Their fertilizers and crop nutrition programs help produce the food required for the growing world population. Yara's industrial products and solutions reduce emissions, improve air quality and support safe and efficient operations.

Founded in Norway in 1905, Yara has a worldwide presence with production and sales and services operations across countries i.e. America, Europe, Africa and Asia, with more than 17,000 employees, sales to 150 countries and sales revenue of more than 14 billion USD. Safety is always the top-most priority. Yara Fertilisers India Pvt Ltd is a 100% subsidiary of Yara International ASA. Yara has supplied fertilizers as well as fertilizer raw materials to the Indian market for over two decades. Yara India has continuously strengthened its footprint in Western and Southern India by providing Crop nutrition solutions with combination of Premium products and Knowledge through unique Farmer centric approach.
